Welcome to the Meatpacking District.

A 24-hour neighborhood located on the far west side of Manhattan, bordering Chelsea to the north and the West Village to the south in the heart of 21st century fashion and graphic design, artists, architects, restaurateurs, artists and corporate head offices have moved in along side existing meatpacking district plants. This evolution has created an incredibly interesting and ever-evolving dynamic that suits the area very well.

Take a moment to breathe in this special place before you look around. You’ll have high ceilings and the brick building and streets, marvel at the historical architecture with modern additions, and feel the grit of an industrial backbone mixed with great shops and restaurants. In this place of historic story, some of the most recent technology companies are blazing the path for tomorrow.

The Meatpacking District is a world-class destination for culture, shopping, nightlife, and tourism. This neighborhood is a place of culture, history, and art.

The Meatpacking District Business Improvement District (BID) is the non-profit arm of the area whose mission is to support the business community and to keep the area clean, safe and beautiful for locals and visitors alike.
